Docket No. 98N-1265 0478 99 JUN -4 A10:16
Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I choose to take natural progesterone
there's no side effects like the drug progestin.
The only way I can obtain it compounded
is at an out of state pharmacy. I don't
want to be without this helpful medication
because of some law stopping me
from obtaining it. Thank you.
